Beauty and Personality

How can we describe the new EVA line?
Harmony. Aesthetics. Uniqueness.

Molded sides and handles captivate at first glance and reflect light as never before. Its **original structure**, that is intentionally and **elegantly asymmetrical**, is not only charming and sophisticated, but also an additional touch of design. Isn't it all that matters?

Light Blue Pantone 284, Red RAL 3001, Black RAL 9017

(on the top) Grey RAL 9022
(on the bottom) Gold RAL 1036

The choice is yours!

You can use extra inserts to distribute materials on two levels or you can fill the full capacity of any drawer. What does it suits you best?

Extra capacity

Method and organization are the ultimate expression of professionalism.

Extra inserts meet any professional's need for efficient setup: they do **increase the new EVA linea capacity** as materials can be **distributed on two levels**, and the organization of **any space can be customized**.

Discover **drawers**
and **extra inserts**
of EVA line.

Organization and Safety

An organized and efficient operating area is essential for any task to be done in **complete safety**.

The new EVA line is undoubtedly elegant, but it is not an end in itself: seals in the frame and brushes in the bottom part of drawers do respond to the concrete need for safety.

Practical daily gestures

The innovative functions and accessories of our new EVA line have been designed to experience **the ultimate comfort standards**.

*Retractable screen system under the worktop (up to 27").
Grey Pantone 408, Red RAL 3001*

Let the **complete opening**, as well as the **silent and gentle closing of drawers** inspire you. How good does it feel to have free access to any material and to eliminate any interference or distraction?

Once you experience the pleasure of practical solutions that improve your fluency and optimize your workspace, you will never get back. That's why you won't regret the **retractable screen system** under the worktop, and will indulge yourself in the addition of our **Friday mobile unit**.

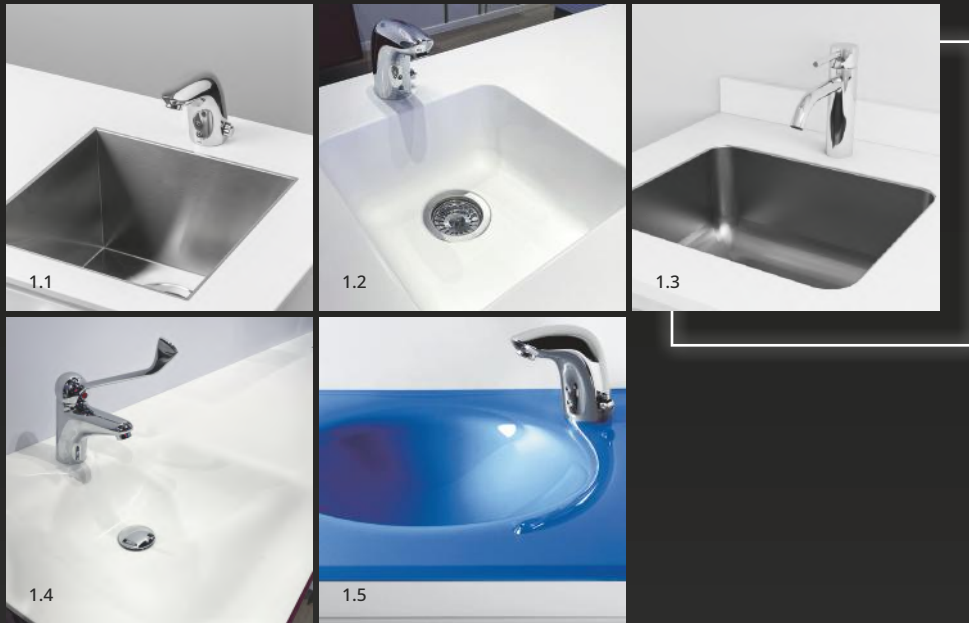

Perfect balance

The suspended composition with push-pull opening system enhances the uniqueness of the EVA line and facilitates sanitizing operations.

Customized colors do contribute to **the perfect balance of harmony and well-being**. Your new cabinet has never been so comfortable and functional.

Metal, the best ally for hygiene

Hygiene has always been your and our top priority. That's why our products are made of metal, that is high resistant and non-porous. Metal is an effective barrier against dirt and infiltration. We do guarantee your cabinet will always be clean and protected.

● Testing done

Certified tests confirm the reliability of Rossicaws furniture: slides lifetime (80,000 opening cycles), resistance to abrasion and scratching.

● Made to last

Over 90% of our raw material suppliers are local. This specific choice allows us to closely supervise any component so to ensure the maximum quality and durability of our products.

● Always by your side

We do care about the satisfaction of any professional, not only before and during the purchase of our products, but also later on. That's why we invest in helpful and efficient after-sales service.
